

S.S.S. CURES ALL BLOOD INFECTIONS

Contagious Blood Poison, as the name indicates, is an infectious blood disease, of such intense nature that once the virus gets into the circulation, no portion of the body is free from its destructive force unless it is promptly checked.

It usually begins with a tiny sore or pimple as the only outward evidence of its presence. But in a short while its many symptoms begin to make their unwelcome appearance. The body and throat ulcerate, itching rashes appear on the mouth, the hair comes out easily, brown blotches appear on the limbs, etc. So highly contagious is the disease that it is sometimes communicated from one person to another by the use of the same toilet articles or handling of an infected person. It is a dangerous poison and should not be trifled with; the blood should be cleansed as quickly as possible of the destructive virus.

Some eight years ago I was inoculated with poison by a nurse who infected my babe with blood taint. I was covered with sores and ulcers from head to foot. I was advised to use S. S. S. We got some, and I improved from the start, and a complete and perfect cure was the result. S. S. S. is the only blood remedy which reaches desperate cases.

I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These broke out into sores, and it is easy to imagine the suffering I endured. When I had finished my first bottle of S. S. S. I was greatly improved, and was delighted with the result. I was soon entirely well, and my skin was as clear as a piece of glass.

W. E. MEYER, 58 Clinton St., Newark, N. J.

that there is never any return of the old symptoms; it drives the poison completely out by purifying the blood. S. S. S. is known everywhere as the greatest of all blood purifiers, and for this reason it is a sure cure for Contagious Blood Poison. Write for our Home Treatment Book and any medical advice you may desire, free. S. S. S. is for sale at drug stores.

NEW YORK IS WORSE OFF THAN THE WILD WEST

Crooked Faro Boxes, Roulette Wheels, Cards, Dice; Gamblers' Tricks and Other Things Are to Go Before a Grand Jury.

Did you in roulette ever hear of a "mule's ear"? Did you ever hear of a "platinum ball"? Did you ever hear of a "finger flip or flick"? Did you ever hear of a "switched number"? Did you in faro ever hear of a "spring box" or a "favorite dice" or a "killed card"? Did you in dice ever hear of "rounded" or "shaved" dice?

Of course, in poker you have heard of "marked cards." But what do you know about "brush work," "line work" and other varieties of cards that sell at wholesale for \$15 a dozen, or at retail for \$35 a dozen? They are on sale in individual patterns, guaranteed exclusive, in a score of gamblers' supply stores in this and other cities.

It is information on these matters that James Flynn, in the course of his prosecution of the gamblers who have been raided by him in this city recently, has ready to add to the mere routine evidence that his prisoners are guilty of plain, ordinary, or common gambling. He will introduce the roulette wheels, the faro boxes, the packs of cards and the dice which have been "fixed" in evidence and with an experienced "skin gambler" operating them show that they are not only gambling devices, but that they are unfair—whenver it is to the interest of the proprietor that they should be "crooked."

Of the six cheat faro boxes which Mr. Flynn and his men are believed to have in their possession all are of the type which have inside springs, worked by a careless pressure of the finger on one corner, which allow two cards to be slipped through a slot that should allow only one to pass. If you suspect that the box is crooked ask to see it and handle it. The dealer will touch a spring which "locks" it. The box immediately becomes a "square" box. You could not deal two cards at once through its slot if you tried. But a hairspring pressure on the right screw head and it is ready to turn out two cards at once every time the dealer so wills. "Square" boxes cost \$8; crooked kind cost \$35.

In the card presses of every gambling house have been found a weird assortment of cards in varying packs. For instance, there are five out of seven packs containing 54 cards each instead of the proper 52. The faro dealer

PEORIA LADY'S ROSY CHEEKS

Husband Says She Is Like the Little Girl He Married, Since Taking Cardui, the Woman's Tonic.

Peoria, Ill.—"I am a different person," writes Mrs. H. A. Harper, of 317 Prairie street, Peoria, Ill., "since a began to take Cardui, the woman's tonic. Before taking Cardui, I suffered miserably for a year, with dragging pains, which were so painful that at last I could hardly walk, and laid in bed most of the time."

"I had headache, was irregular, my complexion was dirty and my face blotched with large brown spots."

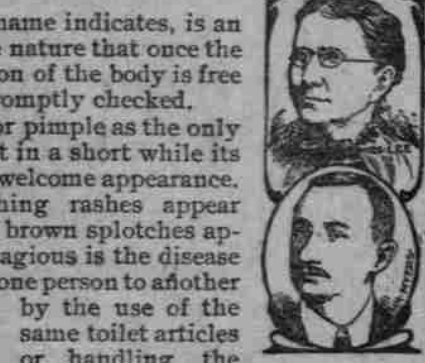

"Since taking Cardui, I have found relief, don't have the headache like I used to, am regular, my color is clear, and I am a different person."

"My husband says I look like the little girl he married, with my rosy cheeks."

Every lady wants to be young and pretty and the healthier you can keep yourself, the younger and prettier you will look.

Don't take drugs or powerful medicines. That is not the way to keep well. The natural way, the safe way, the sensible way, is when you feel a little out of order, to take Cardui, the woman's tonic. This is not a powerful medicine, with possible dangerous after-effects, but a mild tonic, prepared from harmless vegetable ingredients that can do you nothing but good.

Your druggist knows. Ask him. N. B.—Write to Ladies' Advisory Dept., Chastanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

EL PASO HERALD WHERE THE DYNAMITE WAS FOUND

The alleged confession of Ortiz E. McManigal, union worker, in connection with the dynamiting of the Los Angeles Times plant and numerous other explosion outrages throughout the country led the police of Indianapolis to the discovery of the hiding places of the powerful explosives. At the left, dynamite vault under union headquarters in Indianapolis. At the right, the barn adjoining the small farm house, and the plane case in which quantities of dynamite were found stored. The McNamara brothers, James E. and John J., secretary-treasurer of the International Association of Bridge, Structural and Ornamental Iron Workers, got their explosives from these caches whenever they had a "job" on, according to what McManigal is said to have confessed.

TUCUMCARI VOTES TO BUY WATERWORKS

Will Insure \$75,000 of Bonds For Enlarging and Extending Work.

Tucumcari, N. M., May 1.—The vote on municipal ownership of the local waterworks resulted 257 for and 17 against the measure. A bond issue of \$75,000 will be made at once, \$10,000 of which will be put into improvements in the present plant. These will consist of three miles of new mains into the suburban district of the city, a new stand pipe for fire pressure and about 65 new fire plugs. The plant will earn the city over \$5000 annually in the beginning which will increase as soon as connections are made with the lately installed sewer system. By this it is estimated that the plant will pay for itself without the least expenditure by the city.

The plant embraces four excellent wells of water. These wells are considered worth the price of the purchase. The electric light plant was not included in the sale although it is understood that Tucumcari is to also have a modern lighting system under the ownership of the General Electric company of Chicago to whom the plant is said to have already been sold. This will give the city a current which has not heretofore been had here and which is badly needed.

Necessary pipe and other material will be ordered at once and the improvements begun so as to give the city water users advantage of the purchase this summer.

TO SINK WELLS NEAR DEL RIO, TEX.

Del Rio, Tex., May 1.—G. W. Brown, a large land holder in the Rio Grande bottom eight miles from Del Rio, has signed a lease contract to all the oil and mineral rights on his holdings with a company of capitalists who have the machinery and everything in readiness to begin work sinking a well for oil at once.

It is claimed that the company is composed of expert oil men and they have found every indication necessary here to convince them that a real spout can be brought in. Experts who recently went over the field declare that there is little doubt about the existence of oil in this section.

CATTLE AWAITING CARS TO BE MOVED FROM MEXICO.

Cattle importations from Mexico will be resumed as soon as the railroads running from Juarez are repaired. The Corralitos Cattle company has notified the customs house that a shipment of 5000 head of cattle will be made over the North Western as soon as the road is operating trains again.

Cattle importations from Mexico are again becoming large, although cattle are not being imported through the El Paso port.

On Tuesday, 1200 head will be imported through the Columbus, N. M. port by Boyd & Booker. Two hundred head will be imported at Fort Hancock, Texas, by Davis & Powers, and A. Lindauer will import about 80 head through the Columbus, N. M. port.

At Nogales, 1000 head of cattle will also be imported on Tuesday, and a large shipment is being inspected by Dr. J. Reid at Yuma, Ariz., Monday.

The cattle will be shipped to California and the northern states for grazing purposes.

Lame Shoulder is nearly always due to rheumatism of the muscles, and quickly yields to the free application of Chamberlain's Liniment. For sale by all dealers.

COLD WAVE CHILLS THE MIDDLE WEST

Snow Storm in Northwest Kansas and Tornado in Missouri.

Washington, D. C., May 1.—A cold wave now over the northwest will travel southward and reach the Ohio valley Tuesday and New England in the middle of the week, according to the weather bureau's weekly forecast. This is expected to force temperatures to the freezing point over the central Rocky mountain region and the north.

Generally fair weather after Monday is expected in the plains states, while in the south the weather experts figure out more or less unsettled weather with occasional showers.

Topeka, Kan., May 1.—A snowstorm, driven by a high wind, swept north-west Kansas last night. Salina and other towns report a temperature of 24 degrees, a fall of 58 since Saturday. Heavy rains, accompanied by high winds, have fallen over all the central and western parts of the state, the first rain of any consequence in two months. At a number of places damage was done by the wind.

Warrensburg, Mo., May 1.—Additional details of the tornado that swept a path across northern Johnson county late yesterday, destroying scores of houses and barns, disclose that at least one life was lost and that another will be added to the toll of death.

Kelly Wain, the 10-year-old son of Wm. Wain, was carried a quarter of a mile by the wind and was thrown against the ground with such force that nearly every bone in his body was broken and his brains were dashed out. His mother was struck by flying timbers and will die. His father's home, a mansion of ante-bellum days, was blown to atoms.

NO SPECIAL CHARGE GIVEN GRAND JURY

No special charge was given to the grand jury for the May term when it was convened in Judge J. R. Harper's court Monday morning.

The jury met at 10 o'clock. J. R. Harper was selected as foreman and the body then adjourned until Thursday morning. D. Casey and T. F. Holgate were appointed bailiffs and El Alderete was appointed interpreter.

The jury met at 10 o'clock. J. R. Harper was selected as foreman and the body then adjourned until Thursday morning. D. Casey and T. F. Holgate were appointed bailiffs and El Alderete was appointed interpreter.

EXTENSION OF PECOS SOUTHERN IS PROBABLE.

Alpine, Tex., May 1.—W. L. Carville, president of the Pecos Valley Southern, and party arrived here Saturday night and conferred with local people in reference to the extension of that road from its present terminus at Balmorhea, to Alpine. With him were L. W. Anderson and T. W. Johnson of Pecos, high officials of the company. Mr. Carville while making no definite proposition, stated positively that Alpine could get the road with the proper effort on the part of her citizens.

The party went out in autos yesterday over a portion of the proposed route.

REPORTS LOSS OF \$43.

Charles Blaney reported to the city detectives Sunday that he had been relieved of \$43 at the corner of Third and Santa Fe streets one night last week. Mary Gilbert was arrested, but denied that she had ever seen the man before or knew anything of the occurrence.

ARRESTED IN EAST EL PASO.

Jesus Garza and Jose Gomez were arrested near the Brewery Garden in East El Paso Saturday night and taken to the police station. A charge of carrying a pistol was docketed against the former, while the latter was charged with carrying a dirk.

GRAND JURY SAYS BRIDGES UNSAFE AND GAMBLING DENS EXIST IN CITY

Declares County Jail Is Unsanitary and Suggests a Curfew Ordinance.

Closing the March term of the 34th district court, Judge James R. Harper, Saturday afternoon, excused the grand jury after the following report had been submitted:

"We have carefully investigated all matters brought to our attention, finding 42 indictments. We have personally inspected the county jail and recommend that the plumbing in the old west wing be thoroughly overhauled and placed in a sanitary condition, and that the ground floor be repaired where it has been broken and torn up. We suggest that the discharge bowls, which appear to be dirty and crusted, should be thoroughly cleaned and kept so, and that the prisoners be used for this purpose. We recommend that a large kettle be purchased for the jail suitable for boiling clothes in, and efforts be made by the sheriff to rid the jail of bugs."

"The sheriff complains of standing water and stench from the street on account of poor drainage. This can probably be overcome by the use of some shovels and trusties, as it can be drained without much trouble."

"We inspected the city jail and find it in poor sanitary condition, pipes leaking, bowls dirty and crusted, emitting a bad stench. We recommend that conditions there can be improved by putting in windows on the north side, overhauling the plumbing, and that it have a thorough renovation and be disinfected, and that the prisoners can be used for the latter work."

"We inspected the overhead railroad bridges between El Paso and the smelter and believe that they are very unsafe. The bridges are not wide enough to permit teams to pass each other thereon, there is little or no guard rail on one of them, and the incline towards the west is not wide enough, nor graded up to the street car rails. In fact, the approach from either end is unsafe, especially so, should inexperienced drivers or animals be accustomed to street cars get caught there. The condition is serious, constantly menacing life and limb, and this should have immediate attention."

"We are unable to secure tangible evidence as to saloons not observing the midnight and Sunday closing law, yet we are satisfied that this law is being continually violated as well as the existence of gambling dens, and that at least some of the police are aware of it."

"We also recommend that the city pass a curfew ordinance prohibiting all children under 15 years from being on the street after nine o'clock p. m., accompanied by or without the permission of their parents. Also, if possible, to prohibit restaurants and saloons permitting the occupancy of their private rooms after 10 p. m."

"We have no evidence, but believe that slot machine or lottery law is being violated by saloons and cigar stands, and recommend that the police use some vigilance in that direction. The police evidently have specific instructions to enter no saloons, poolrooms, etc. We believe that they should be instructed to frequently visit such places on their beats with a view to ascertaining if there is any violation of the law in these places."

"Respectfully," James A. Dick, Foreman.

FIVE OFFICERS ARE SHOT DURING A RAID

Dallas, Texas, May 1.—In a battle between deputy sheriffs and unidentified persons here five officers were shot, one fatally, and three seriously injured in a raid of a disorderly house, suspected of violating the Sunday law.

Grady Kennedy probably was fatally wounded in the battle; Joe Brown was shot, one probably fatally, but believed to be recovering. The other three were injured in a raid of a disorderly house, suspected of violating the Sunday law.

B. F. Lofton had part of his left shoulder torn away, and L. F. Current, a special policeman, was shot in the leg.

The first three men were hurried to a sanitarium. A dozen policemen surrounded the house and arrested 11 white men and seized gambling apparatus and a quantity of intoxicants.

CRESTON-COLORADO PRODUCTION HEAVY

Mines Company of America Plans Buying More Chihuahua Mines.

The Creston-Coloardo mines at Minas Prietas, Sonora, have treated since January 1, 1911, 12,260 tons of ore and 6600 tons of silimes. Of the ore treated 34,632 tons came from the Creston and 7627 tons from the Colorado mine. Most of the ore was produced from open cuts and by "glory hole" method.

These mines are owned by a subsidiary of the Mines company of America, which company is also operating the Dolores and La Dura mines in Chihuahua and La Dura in Sonora. The Dolores recently sent out 230,000 pesos of bullion via Chihuahua. A former shipment in January was sent west to Tonichi in Sonora, on account of the revolutionary conditions in Chihuahua. The last shipment was under the protection of the insurgents from the mine to near the city of Chihuahua.

The Mines Company of America, of New York, is examining some mines in Chihuahua, with the view of acquiring them. The company already owns the Creston-Coloardo and La Dura properties in Sonora, and the Dolores and El Rayo mines in Chihuahua.

POLICE RAID ROOM AND ARREST SEVEN

Find Poker Chips and Eight Decks of Cards Sunday Night.

Police men made a raid on a room next to the saloon at the corner of Broadway and Seventh street Sunday night and arrested five men and two women, against whom charges of gambling and loitering in a gaming house were docketed at the police station.

All gave bond for their appearance in court Monday afternoon. Several hundred poker chips and eight decks of cards were found in the room when the raid was made.

Those taken into custody gave the names of Rose Williams, Lena Walker, J. Kille, Henry Jones, Chas. Baker, James Smith, Sam Brown.

EIGHT BURNED TO DEATH IN A WRECK

Three Were Fatally Injured and Two Others Seriously Hurt.

Easton, Pa., May 1.—As far as it is possible to ascertain here and at the scene of the accident, eight persons were burned to death, three fatally injured, two others so seriously injured that their lives are despaired of, and scores of persons were cut, burned and bruised in the wreck of the teachers' special from Ulster, N. Y., to Washington, D. C., on the Belvidere-Delaware

division of the Pennsylvania railroad at Martin's Creek, N. J.

The line was reopened for traffic Sunday. Bones of eight persons have been taken from debris and the wrecking crew have quit work.

NEW COUNTY TO SHARE IN DEBTS PRIOR TO MARCH 10.

Culpeper county was created on March 10 and will share in the indebtedness of El Paso county prior to that time. Judge A. J. Elyar will instruct county treasurer J. D. Ponder to make a statement of the indebtedness of El Paso county prior to that date, in order that an apportionment may be made.

The Globe 3 Day Liquor Cure

A Scientific Treatment For the Drug and Liquor Habit

A STATEMENT OF FACTS.

El Paso, Texas, March 15, 1910.

To Whom It May Concern: I have been a constant and very hard drinker for the past 35 years, when I was induced to take the Globe Three Day Liquor Cure, and it certainly has cured me, as now I have no desire for whisky, beer or any other alcoholic stimulants. I feel stronger than in the last 35 years. I have been one of the hardest drinkers in El Paso, which my friends can verify that know me. I cheerfully recommend the Globe Three Day Liquor Cure to any one who is addicted to the liquor habit and am sure that any one giving this wonderful cure a trial will attain the same results that I did. After the second day I had no desire for liquor, as before I would consume from two to four quarts of liquor a day. I had reached the lowest depths of degradation, was arrested for drunkenness 20 times during the past six months. I was a human wreck and am thankful and grateful for my deliverance from the power of appetite.

Yours very truly, DR. D. J. REAGAN, El Paso, Texas.

This is one of many testimonials given us by grateful patients whom we have treated in El Paso.

THE GLOBE THREE DAY LIQUOR CURE.

We cure the liquor habit in all its stages, without hypodermic injections, without the use of system wrecking drugs. A cure guaranteed.

CALOMEL UPSETS TRY Ra-Ba-Netes

Ra-ba-nete Liver Tablets do the same work calomel does, but without sickening, griping or weakening. You can take two of these little tablets at night and one the next morning and go right on with your work as though you were not taking medicine. They cannot possibly siltivate because they are made purely from vegetables. Calomel is mercury, a mineral poison, is the reason it is likely to siltivate. Try a 50c package of Ra-ba-nete Tablets from the drug store, or write to Habet Co., Houston, Tex., for a free sample.

TRY DR. ONE ROK'S VEGETABLE COMPOUND.

MEDICINES for hereditary debility or weakness of men, women and children. Chronic Blood Poison, Eruptions, All Skin Diseases, Rheumatism, Gout, Gravel, Heart Disease, Liver Trouble, Constipation, Female Internal trouble, inflammation, or acute or chronic. INSTANTLY CURED.
